

THEME KIT

VOLCANO KIT SP4135

INSTRUCTIONS

Micro Sticky Spots (Fig. 1)

1. **How to Apply Sticky Spots to Paper:** Press a Sticky Spot onto the area marked with • and lift off the backing paper.

Prepare Parts

1. All cutouts that are printed on the card stock are pre-cut. Punch out each component along the pre-cut solid lines.
2. Keep parts for each different cutout together.

NOTE: Some cutouts have labels on the back for reference.

Volcano Center (Fig. 2, 3 and 4)

1. Fold Volcano Front (A1) on scored lines and overlap bottom lava tabs so they make a corner. (Fig. 2)

NOTE: Fold the Volcano inwards so that it fits the contours of the Magma Chamber (A2). One lava tab should overlap the other lava tab.

2. Apply Sticky Spots onto the • markings on the lava tabs and press Magma Chamber (A2) onto Sticky Spots. (Fig. 3)
3. Apply Sticky Spots behind the Crater of the Volcano Front (A1), and press your choice of Ash Cloud - (A3) or (A4) - onto Sticky Spots. (Fig. 4)

Outside of Volcano (Fig. 5 and 6)

1. Tear Volcanic Cone along perforated edges. Apply Sticky Spots to the • markings on the back of the Volcano Front (A1).

NOTE: The gray placement line is for alignment. Do not cut along the gray line.

2. Lay Volcanic Cone on a flat surface with the straight edge facing toward you. Place Volcano Front (A1) on the gray placement lines on the Volcanic Cone. (Fig. 5)
3. Stand Volcano Front (A1) upright. Fold one side of the Volcanic Cone over the other side into a curved half-moon shape to test for placement. (Fig. 6)
4. Apply Sticky Spots onto one of the sides of the folded Volcanic Cone. Press into place over the other side.

Add Details (Fig. 7)

1. Apply Sticky Spots onto Lava Streams and press firmly to the outside of your Volcano.

2. Add pre-made labels to your Volcano by applying Sticky Spots onto the back of labels and place each label in its appropriate spot.

OPTION #1: Cut out sections of lava from Volcanic Base and using Sticky Spots, place where desired on Volcano.

OPTION #2: Place completed Volcano on top of Volcanic Base for molten-covered ground.

NOTE: Place the side with the label facing down.
